July 12, 2005
Los Angeles, CA 90024

Applicants request that the present patent application be made special under 708.02 part IV, "APPLICANT'S AGE", and states:

The present application has three inventors.

One of the inventors is Max Harry Weil, who is 78 years old, with a birth date of February 9, 1927.

Another one of the inventors is Joe Bisera who is 72 years old, with a birth date of August 27, 1933.

Copies of the driver's license of each of these two men are enclosed.

Since a majority of the inventors are well past 65 years of age, applicants believe that this application qualifies for a Petition To Make Special under part IV of rule 708.02
